

Memorandum of Agreement
Regarding
Port Security Grants

I. Parties

The Parties in this Memorandum of Agreement (“MOA”) are:

(Name) legal description of Party

(Name) legal description of Party

_____ and _____ collectively are known as the “Parties”.

II. Authority

The Parties possess the necessary authority to enter into this “MOA”.

III. Purpose

The purpose of this MOA is to set forth the mutual understandings of the Parties related to the intended use of funds outlined in grant submissions/investment justifications to be made under the Fiscal Year 2007 supplement and Fiscal Year 2008 Infrastructure Protection Activities: Port Security Grant Program (“PSGP”) and to outline the general concept of integration of individual projects consistent with the five-year Sector Risk Mitigation Security Plan developed for the Area Maritime Security Sub-Committee of the United States Coast Guard MSU Pittsburgh. Prior to expenditure of any grant funds awarded under the PSGP, appropriate agreements will be executed consistent with the understandings set forth herein in applicable program guidelines.

IV. Responsibilities

_____ intends to submit a grant request under the PSGP to fund:

_____ intends to cooperate with the key members identified herein to achieve the objectives outlined in the investment justifications awarded through the PSGP.

_____ intends to cooperate and support the applicant to implement the security requirements set forth in the investment justification.

Key members in this project include:

Name of Entity (partners)

POC

Address

Phone Number

The Parties will cooperate together to develop necessary agreements and arrangements to integrate the project included in the AMSC Risk Management Security Plan. The Parties acknowledge that other entities may partner in this plan develop appropriate understandings and/or agreements.

V. Integration

It is understood that the projects under the hereinabove related grant requests are intended to be part of a larger, regional and comprehensive program being developed by the Port of Pittsburgh AMS Sub-committee and US Coast Guard.

The project will be integrated into a regional layered security plan that will enhance the overall strategy by mitigating risk, sharing information and developing a common operating picture, to provide interoperability to emergency providers, law enforcement agencies and other service providers.

VI. Points of Contact

**Applicant

**Partner
Contact Information**

VII. Other Provisions

Nothing in this MOA is intended to conflict with any current law or regulations. It is intended that any subsequent agreements entered into by the parties will comply with all applicable laws.

The intentions outlined in this MOA are not intended to create obligations of the parties but are intended to provide a written understanding of the Parties working toward a common goal.

Modifications of this MOA shall be in writing.
